

## BARS

## Combination Pry and Scraper Bar

Multipurpose tool pries, pulls, cuts, scrapes, lifts and pounds nails. Slim, tapered blade inserts easily for prying and lifting. Flat stock has rounded edges. Designed for rugged, heavy-duty service. Drop-forged, high-carbon steel with a lacquer or enamel coating.

Has claw ends with beveled V-type nail slots in each end and eye-type nail slot near chisel end. Opposite end is curved to a position perpendicular to handle. GGG-B-110.

5120-00-965-0879

2-1/2 x 13"

EA \$5.13

## Crowbar

Commonly used commercial design has a round handle tapered toward handle end and a hardened prying end. Made of forged steel with a painted or oil-coated finish.

Heavy-duty. Pinch-point style. Formed end has square sides with a flat, single-beveled edge.

5120-00-240-6040

1" diameter, 47 to 49" length

EA \$14.54

5120-00-224-1390

1-1/4" diameter, 59 to 62" length

EA \$19.30

## Pry Bar

Bar pry has a round, rolling head on work end. Back side of rolling head is rounded, while front side forms a hook. Other end is round and tapers to a sharp point. Made of hardened, forged steel.

5120-00-224-1389

1/2 to 9/16" diameter, 15 to 16" length

EA \$2.62

## Wrecking Bar

Hardened, forged steel utility bar for demolition work, razing buildings and opening boxes and crates. Claw includes a V-notch for pulling nails. Painted or oil-coated finish. CID A-A-2566.

With a bent, gooseneck claw on one end and a double-beveled pinch point offset at a 30 deg. angle on the other end.

5120-00-293-0665

Size 4, 3/4" diameter, 30" length

EA \$4.53

5120-00-242-0762

Size 5, 3/4" diameter, 36" length

EA \$5.30

## PICKS AND MATTOCKS

## Mattock - With Handle and Carrier

Use this lightweight tool assembly for digging and chopping. Consists of a 2-1/4 lb forged steel combination ax and mattock tool head, 12" long overall; slip-on wood handle; and a nylon duck cloth carrier for head and handle. Complete assembly can be attached to military belts and packs. Weights approximately 3-1/2 lbs.

5120-01-363-3690

Olive head and handle

EA \$39.54

**We want your comments and suggestions.  
Please fill out and return the Comment Card  
at the back of the catalog.**

**Pick Handle**

For use on railroad or clay picks and on mattocks. Handle tapers out at tool end and is straight at handle end. Made of hickory with a smooth, waxed finish. Rates Grade B or better. Measures 36" long. NN-H-0093.

5120-00-288-6574

Eye size No. 6, measures 2-1/8 x 3-1/8"

EA \$5.76

**Buy Smart and Pay Smart with  
the new GSA SmartPay card, or  
your GSA charge account.**

**Pick/Mattock**

Loosen soil, grub and dig up and cut roots with this hardened, forged carbon steel tool with a rust-resistant finish. Comes without a handle.

Pick-type mattock has a curved flat-surfaced blade perpendicular to the handle eye on one end of the head and a pick point on the other end.

5120-00-243-2395

5-lb head, No. 6 eye size, 19" length

EA \$11.15

**RAKES****Road Rake**

Spread gravel, crushed stone, concrete and other heavy materials with this road rake. Consists of a 65 to 67"-long hardwood handle, a 15-1/4 to 16" - wide forged steel head and 14 straight teeth, each measuring about 3-1/2" long. GGG-R-80.

5120-00-224-9239

80" overall length

EA \$19.57

**SHOVELS****Intrenching Tool**

Combination shovel, pick and saw is for manually digging and severing roots and clearing light brush. Portable unit folds and locks securely in three positions. Four-sided shovel cutting blade has two serrated sides and two straight-edged sides. Made completely of metal, yet retains a lightweight construction. Measures 23-1/2" and folds to 9-1/2" for storage. US Army Natick Lab Dwgs 2-2-284/285/286/288. MIL-I-43684.

5120-00-878-5932

EA \$29.95

**Posthole Digger**

Digger is designed with two handles and two attached blades hinged together. Seasoned ash or sugar maple handles are 4' long and 1-3/16" in diameter. Has a bore diameter of 5" or more and a bolted hinge. High-grade steel blades are painted to resist corrosion. Minimum overall handle length is 58". Scoop shape is 4-1/2" across and 9" long. Weighs 8-1/2 to 12 lbs. GGG-D-326.
